

Comfort, Quality & Trust

About Gentex

Gentex Europe is a UK manufacturer with over 100 years' experience in the production of head, face, and respiratory protection for industrial, military, and public order environments.

Our brand is synonymous with providing the highest levels of protection for personnel working in hazardous situations.

Our innovative designs provide integrated respiratory, head, face, and eye protection against industry hazards, while enhancing end user mobility, comfort and workplace performance.

PureFlo® Industrial Respirators Comfort, Quality & Trust

PureFlo respirators are among the highest-performing and most cost effective protective systems available on the market today. Proven and used throughout the world in a wide variety of heavy and light duty industries, and by numerous multi-national organisations, our wide range of respirators can be configured to match your exact needs.

- Full respiratory, head and face protection
- Cost effective products
- Fully customisable
- Fully approved and certified
- Manufactured in the UK
- Comprehensive training and support
- Calibration and servicing

Suitable for use in multiple industries and environments including:

- Pharmaceutical
- Petrochemical
- Healthcare
- Laboratories
- Food Production
- Welding
- Smelting
- Construction
- Engineering
- Agriculture

PRODUCT RANGE

Our innovative designs provide integrated respiratory, head, face, and eye protection against industry hazards, while enhancing end user mobility, comfort and workplace performance.

PureFlo 1000 HM (Launching 2018)

- Innovative lightweight half mask providing low maintenance & maximum comfort
- Elastomeric head cradle for increased comfort and mask stability
- EN 140

PureFlo 1000 FFM (Launching 2018)

- Innovative full-face mask providing supreme comfort with conformal elastomeric face seals and oronasals
- 5-point head harness for increased mask stability
- Optimal field of vision
- EN 136

Purelite Xstream

- Entry level Powered Air Purifying Respirator providing face and respiratory protection
- Lightweight, self-contained with no trailing leads or hose
- BS EN 12941:1999 Protection Level TH2P, EN 166:2002 Optical Class 1

PureFlo 3000 (Launching 2018)

- All-in-one respiratory, head, face & eye protection
- Configurable for multi-industrial use including pharmaceutical and welding applications
- EN 12941 TH3, EN 397, EN 812, EN 166, EN 175, IEC/EN 60529:1992+A2:2013, IEC 60509:1989

PureFlo ESM+

- Self-contained Powered Air Purifying Respirator
- Configurable, modular design for use in medium and heavy industrial, welding and smelting applications
- EN 12941 TH3, EN 397, EN 812, EN 166, IEC60079-15:2001
